10 This joint resolution nullifies an amendment to an  
11 administrative rule adopted by the board of physician  
12 assistants removing a requirement that a physician supervising  
13 a physician assistant who is practicing in a remote medical  
14 site physically visit and practice at the remote medical site  
15 at least every two weeks. A session delay was imposed on  
16 this rulemaking by the administrative rules review committee  
17 in April 2015. By nullifying the amendment to the rule,

19 remote medical sites every two weeks.
